Definitions in this manual include descriptors of Older Americans Act programs/services that must be used in the completion of required Federal reporting

<b>Access Assistance (National Family Caregiver Support Program)</b>		A service that assists caregivers in obtaining access to the available services and resources within their communities. A trained Caregiver Coordinator will assess caregiver needs, establish an option plan, and arrange for support services.
<b>Activities of Daily Living (ADL)</b>		Self-care activities performed daily without assistance, stand-by assistance, supervision or cues including eating, dressing, bathing, toileting, and transferring in and out of bed/chair and walking.
<b>Aging &amp; Disability Resource LINK ADRL)</b>		An initiative designed to streamline access to long-term care services and supports for consumers of all ages, incomes, and disabilities, and their families through better coordination and strengthened partnering of existing systems of information, assistance, and access. North Dakota will develop 'no wrong door' models at the community level that can assist individuals in making informed decisions about their service and support options.
<b>Aging &amp; Disability Resource LINK (ADRL) Benefits Counseling</b>		The provision of information designed to help consumers learn about public and private benefits with referral to

## **Overview of the Older Americans Act 650-25-15**

**(Revised 1/1/08 ML#3121)**

[View Archives](#)

The Older Americans Act of 1965 provides assistance in the development of new or improved programs to help older persons through grants to states for community planning and services. It also provides for training, research, and discretionary projects. Further, it establishes, within the United States Department of Health and Human Services, an operating agency designated as the Administration on Aging.

The Older Americans Act of 1965, as amended in 2006, contains the following Titles:

1. Title I outlines objectives to improve the lives of older Americans in the areas of income, physical health, mental health, housing, long-term care services, employment, retirement, education and recreation opportunities, and community services.
2. Title II establishes the Administration on Aging, headed by an Assistant Secretary for Aging, within the Office of the Secretary of Health and Human Services. The Assistant Secretary for Aging is appointed by the President of the United States with the advice and consent of the Senate. The Title further establishes within the Administration on Aging, an Office for American Indian, Alaskan Native, and Native Hawaiian Aging; and an Office of the Long-Term Care Ombudsman Program. The 2006 amendments broaden the role of the Administration on Aging in the following areas: elder abuse and prevention services, mental health services authorized under the Act, expansion of Aging and Disability Resource Centers to all states; coordination with the Centers for Medicare and Medicaid and other federal agencies to promote self-directed care, build awareness of federal programs and benefits, and establish a National Center on Senior Benefits Outreach and Enrollment; and coordinate with the Corporation for National and Community Service to encourage volunteer and civic engagement activities for all ages in supportive services and community capacity building initiatives. Authority is also given for a Federal Interagency Coordinating Committee on Aging to focus on a broad range of aging issues, with emphasis on housing,

supportive services, data collection, technology, and streamlining access to all services.

3. Title III provides funding for the development of comprehensive and coordinated service systems that allow older persons to lead independent, meaningful, and dignified lives in their own homes and communities. Imbedded throughout the title are the principles outlined in the "Choices for Independence" initiative including consumer empowerment, flexible options and more choices for high-risk individuals, healthy lifestyles, evidence-based disease prevention initiatives, Aging and Disability Resource Centers, and emergency/disaster preparedness. Part A outlines the purpose and administration of this Title; Part B allows for the provision of supportive services and senior centers; Part C allows for the provision of nutrition services; Part D allows for disease prevention and health promotion services; Part E addresses the National Family Caregiver Support Program. Services provided under this title must be coordinated with services under Title VI, if applicable.
4. Title IV provides funding for grant awards to design, test, and promote the use of innovative ideas and best practices in programs and services addressing health, independence, and longevity.
5. Title V promotes useful community service and employment opportunities for unemployed, low-income persons who are age fifty-five and older.
6. Title VI provides funding for the delivery of supportive services and nutrition services to American Indians, Alaskan Natives, and Native Hawaiians that are comparable to services provided under Title III. The Native American Caregiver Support Program is also provided under this title. Grants under this Title are administered by the Administration on Aging.
7. Title VII provides funding for elder rights protection activities for vulnerable adults.

Aging Services Division contracts through a request for proposal for provision of ADRL options counseling, health maintenance, legal, and nutrition services. Aging Services Division also contracts for the provision of senior companion services, family caregiver support services, tribal home visits, and other needed services as funding allows.

Contract entities must meet minimum standards for each service of the program. The following Program Service Standards are included in this chapter: ADRL options counseling, family caregiver support services, health maintenance, legal, nutrition, senior companion, and tribal home visits. Standards for other services are included with the Contract document.

**Aging & Disability Resource LINK (ADRL) Options  
Counseling Service Standard, including Local Contact  
Agency (LCA) Services 650-25-26  
(Revised 1/1/14 ML#3396).**

[View Archives](#)

ADRL Options Counseling is a person-centered, interactive, decision-support process whereby consumers, family members and/or significant others are supported in determining appropriate long-term care choices based on the consumer's needs, preferences, values, and individual circumstances. Options counselors ensure that consumers have considered a range of possibilities when making a decision about long-term services and supports, and they encourage planning for the future.

The foundation for ADRL Options Counseling is a strong information and assistance system. It is important to keep in mind that information should be customized based on the needs and preferences communicated by the consumer, and the options available in the community.

Another building block of ADRL Options Counseling is person-centered planning. Within person-centered planning, the options counselor and the consumer work in full partnership to guarantee that the consumer's values, experience, and knowledge drive the creation of an action plan as well as the delivery of services. Person-centered planning requires that the options counselors respect the consumer's autonomy when choosing services, even if the options counselor disagrees with the consumer's choices.

Examples of when ADRL Options Counseling is appropriate include, but are not limited to: an individual who prefers to remain at home but needs supports to do so, or when a family caregiver needs help to continue providing care in the community.

Options counseling is not a long-term service. For the most part, ADRL intensive options counseling relationships are short term, usually no more than 90 days.

Chapter 25

Six core competencies of options counseling have been identified by the Aging and Disability Resource Center Technical Assistance Exchange (ADRC-TAE):

1. Determining the need for options counseling;
2. Assessing needs, values and preferences;
3. Understanding and educating about public and private sector resources;
4. Facilitating self-direction/self-determination;
5. Encouraging future orientation; and
6. Following-up.

ADRL Options Counseling training addresses strategies for each of the core competencies.

LCA Services follow the ADRL Options Counseling principles and core competencies.

Initial contact may occur through telephone contact and is often the gateway to options counseling. ADRL Options Counseling usually occurs in a face to face interaction. In-person conversations can be more effective than telephone consultation, especially when it offers the opportunity to involve family members as well as the consumer.

LCA Services are initiated through referral by a nursing facility after a Minimum Data Set (MDS) – Section Q review indicates a potential transition to the community. Initial consultation for possible transition to the community and follow-up occur with the resident/family in the nursing facility.

ADRL operating and LCA operating activities address staff time necessary to perform the day-to-day activities to implement and maintain an ADRL or complete LCA Services. Examples include answering the phone, data entry/billing, program marketing and promotion activities, training, travel time, etc.

ADRL operating activities do not include ADRL activities outlined in the Service Delivery Procedures section 650-25-26-10.

LCA operating activities do not include LCA Services outlined in the Service Delivery Procedures section 650-25-26-11.

All time spent completing ADRL operating activities and LCA operating activities must be entered in the Department of Human Services' Workforce system.

Travel and per diem must be charged to the respective regional ADRL Department ID.

Specific program marketing and promotion activities, trainings provided, and trainings received must be entered in the SAMS data system consumer group for the respective regional RASPA/FCSP (PubEd/OR/Trng/Adv) group.

ADRL Information & Referral/Assistance (I & R/A) and ADRL Options Counseling must be delivered throughout the service area.

1. All requests for ADRL I & R/A must be responded to within two working days.
2. Provide ADRL I & R/A services. Requests for I & R/A may be received from an individual, family member, ADRL partner, another agency, etc. Determine if the request requires only I & R/A or if options counseling is needed. Completion of the ADRL Options Counseling Referral/Intake form may assist in making the determination.
  - a. If it is determined that only I & R/A is needed, information should be given or a referral(s) made. Services must be coordinated with other agencies to eliminate duplication and assure seamless access for optimal service delivery.
  - b. If it is determined that options counseling is needed, the ADRL Options Counseling Referral/Intake form must be completed. If completed by another staff person, the information must be forwarded to an options counselor.
  - c. Enter the ADRL Options Counseling Referral/Intake form information in the SAMS data system by the 15th of the month following service delivery.
3. If it is determined that ADRL Options Counseling is needed, the options counselor shall:
  - a. Complete the SAMS ADRL Options Counseling assessment form. The options counselor must attempt to obtain necessary data to determine consumer needs, preferences, values, and individual circumstances using person-centered planning strategies.
  - b. Provide customized information and assistance based on information communicated by the consumer, allowing the consumer to explore alternatives and make independent choices of

- both the service(s) to be received and the entity to provide the service. Assist the consumer in planning for future long-term care support needs.
- c. Develop an action plan (SFN 1132 - ADRL Options Counseling Action Plan). The yellow copy of the completed plan should be given to the consumer.
  - d. Make referral(s), if indicated, to other agencies. Services must be coordinated with other agencies to eliminate duplication and assure seamless access for optimal service delivery.
  - e. Enter the completed SAMS ADRL Options Counseling assessment form data, including the action plan, referrals, and narratives in the SAMS data system by the 15th of the month following service delivery.
4. A follow-up contact (face-to-face, telephone, written correspondence or e-mail) must be made within 30 days of the assessment to finalize the consumer action plan or assure the consumer has made a successful connection to the needed supports and is satisfied with the services and choice of service provider(s). All contacts must be documented in the narrative section of the SAMS ADRL Options Counseling assessment form by the 15th of the month following service delivery. Documentation of each contact shall include:
- The specific purpose of the contact;
  - A brief descriptive statement of the interaction including consumer satisfaction (if applicable), and any service needs identified;
  - Options discussed; and
  - An action plan.

Documentation in the narrative section must support any subsequent contacts that are made.

If ADRL Benefits Counseling and/or ADRL Futures Planning are provided, the activity must be recorded in SAMS as a subservice of ADRL Options Counseling Follow-up Contact [Service Delivery Procedure #3].

5. At the time that all action steps are completed or if there is no activity within 90 days, the SAMS ADRL Options Counseling record must be updated to reflect "inactive"; the Narrative section must be updated to reflect that Options Counseling is no longer being provided. If the

consumer is enrolled in other Title III or HCBS services, the record must remain active; the Narrative should be updated to reflect that Options Counseling is no longer being provided. The ADRL Options Counseling Satisfaction Survey and cover letter must be given or mailed to the consumer along with a Department of Human Services self-addressed envelope.

6. If, after the consumer record has been made inactive, a consumer and/or a new referral indicates the need for additional options counseling, the options counselor shall re-open the consumer record, review, and update the existing SAMS ADRL Options Counseling assessment form, and complete the action steps as identified in Section 650-25-26-01-15(3)(a-e); (4); and (5).
7. Complete disaster/emergency contacts upon request from Aging Services Division.
8. A signed release of information document must be on file before information is shared or released.
9. Each case record must be maintained in an individualized file and secured in a locked file cabinet, a locked area, or an access coded computer program. At a minimum, the record should include the initial contact information, the SAMS ADRL Options Counseling assessment form, all documentation, and the release of information form(s) as applicable.
10. Provide on-going marketing and training to inform the public about home and community-based services. Specific effort must be made to educate professionals and maintain partnerships with county social services eligibility workers and case managers, public health nurses and home health nurses, hospital discharge planners, clinic staff, parish nurses and other faith based entities, centers for independent living and other agencies that work with older individuals. Marketing of home and community-based services must also be targeted to older individuals, caregivers, and family members as well as civic and fraternal groups. Distribute promotional materials as appropriate.
11. Record marketing and training activities in the respective regional SAMS Consumer Group: RASPA/FCSP – Region X (PubEd/OR/Trng/Adv). Include the date, location where activity occurred, audience, and number of participants in the Comments Section.

LCA Services must be delivered throughout the service area.

1. All requests for LCA Services must be responded to within three working days. A face-to-face visit (if applicable) must be completed within 15 working days.
2. Provide LCA Services: Requests for LCA Services can only be received from a nursing facility. Determine if the request requires only information and assistance or if LCA Community Transition is needed.
  - a. If it is determined that only information and assistance is needed, requested information should be given or assistance/consultation provided.
  - b. If it is determined that LCA Community Transition is needed, the nursing facility social worker or designated staff shall fax the LCA Referral Form to the options counselor.
3. If it is determined that LCA Community Transition is needed, upon receipt of the LCA Referral Form, the options counselor shall:
  - a. Contact nursing facility social worker or designated staff to discuss referral and other pertinent information. Determine a date/time for an on-site visit (to be conducted within 15 days of the referral) with the resident, other identified individuals, and the nursing facility social worker/designee. (Note: The nursing facility social worker/designee is responsible for handling logistics, setting up the visit with the resident and other identified individuals, etc.).
  - b. Conduct an on-site visit within 15 days of the referral. The options counselor must attempt to obtain necessary data to determine the resident's needs, preferences, values, and individual circumstances using person-centered planning strategies.     - Determination as to whether or not the resident's needs can be met in a community setting;
    - Potential referrals to the MFP program or Medicaid (county social services), if applicable;
    - Potential referrals to community-based services; and
    - Next steps.
  - d. Follow-up to determine if/when discharge will take place. The nursing facility social worker/designee is responsible for developing the discharge plan that includes a referral to ADRL Options Counseling, if the options counseling service is needed after discharge.
  - e. Fax a copy of the LCA Referral Form and the LCA Service Activity Summary form to the MFP administrator. If the resident is eligible for MFP services, the MFP administrator will contact the applicable Center for Independent Living (CIL).
  - f. LCA services end when the resident is discharged to the community (if indicated in discharge plan, ADRL Options Counseling will contact consumer to schedule options counseling visit).
  - g. Enter information obtained from the LCA Referral Form and the LCA Service Activity Summary form in the SAMS ADRL Options Counseling assessment form; in the narrative section, document referral information, summary of the on-site visit, follow-up activities, and next steps in SAMS data system.
  - h. Documentation and posting of Service Delivery must be completed by the 15th of the month following service delivery.
4. If a referral is made to the MFP program or county social services, the narrative section of the SAMS ADRL Options Counseling assessment form must be updated to reflect referral information and service delivery posted to reflect 'inactive'.
  5. A signed release of information document must be on file before information is shared or released.

Caregiver support services must be available statewide.

1. All referrals must be contacted within two working days.
2. The Caregiver Assessment Tool must be completed in the Harmony for Aging Social Assistance Management System (SAMS) data collection system to document need. The tool is available through the web-based SAMS data collection system.
3. Individuals seeking services must be provided with service options. The individual has the right to make an independent choice of service providers.
4. All contacts, including telephone calls, must be documented in the narrative section of the SAMS data collection system. The documentation shall include a brief descriptive statement of the interaction, including any service needs identified, alternatives explored, and service delivery options offered.
5. Each client and provider case record must be maintained in an individualized file and secured in a locked file cabinet, a locked area, or a restricted computer program.
6. Service activities must be coordinated with existing community agencies and voluntary organizations to maximize service provision and avoid duplication.
7. All services must be promoted through a variety of social service networks i.e., churches, service organizations, schools, professional conferences, etc.
8. A signed release of information document for every service provider must be on file before information can be shared or released.
9. A Notice of Privacy Practices (DN 900) will be given to every caregiver and a signed Acknowledgement of Receipt of the Notice of Private Practices (SFN 936) will be kept in the record.
10. Determine eligibility for rural differential rate as per the standard NDFCSP Rural Differential Unit Rate for Qualified Service Providers and complete the Rural Differential Authorization form (SFN 225). The rural differential unit rate should be designated on the individual Caregiver Option Plan. The NDFCSP Program Administrator must be

## **Billable Services 650-25-30-05**

**(Revised 1/1/16 ML#3463)**

[View Archives](#)

The following outlines billable services provided by the program:

1. Counseling/Support Groups/Training
  - One counseling service equals one session per participant (FCSP Counseling - Individual and FCSP Counseling - Family). Reimbursement for counseling is based on the current statewide human service center rate for individual or family counseling
  - One support group equals one session per participant (FCSP Support Groups). Reimbursement can be made for initial start-up costs for support groups that have a caregiver component for a six-month period
  - One caregiver training equals one session per participant (FCSP Training for Caregiver). Reimbursement for caregiver training shall not exceed the maximum Medicaid rate for that service as established by the Department. Rates for training needs not addressed by Medicaid shall be negotiated with the NDFCSP Program Administrator
2. Respite Services
  - Respite Services are based on actual hours spent doing respite care. Reimbursements for individuals and agencies are based on the current maximum Medicaid QSP rate or the individuals' or agencies established rate
3. Supplemental Services
  - Reimbursement is made to a caregiver based on actual cost of the item(s)

The North Dakota Caregiver Support Program Provider Service Log – Individual (SFN 135) and North Dakota Caregiver Support Program Provider Service Log – Agency (SFN 492) must be reviewed and approved as soon as possible but within three days of receipt. Reimbursement for

other services must be completed in accordance with Human Service Center procedures.

Access Services, Information Services, and FCSP Disaster/Emergency Contact are not considered billable units of service. Time spent completing those activities must be documented monthly in the Department's Workforce system. Information Services must be recorded in a SAMS Consumer Group. FCSP Disaster/Emergency Contacts are recorded as Service Delivery in the individual consumer record.

## **Service Activities 650-25-30-10**

**(Revised 1/1/16 ML #3463)**

[View Archives](#)

1. Access Assistance – Case Management includes the following activities:
  - Accept and respond to referrals to the program
  - Make home visits or arrange for visits in a location convenient for the caregiver
  - Complete individual caregiver assessments on all eligible caregivers using the SAMS Caregiver Assessment Tool to determine need. Caregiver assessments must be updated on an annual basis
  - Using the SAMS Caregiver Assessment Tool, develop and implement an individualized Caregiver Option Plan (SFN 165) that address the needs unique to the individual providing care. The plan must identify services to be received, the entity providing the service, and the expected outcomes. The effective date on the Caregiver Option Plan (SFN 165) will not exceed the 12 month enrollment period (July 1 to June 30)
  - The Caregiver Option Plan (SFN 165) must be reviewed every three months at a minimum to monitor service usage and assure caregiver goals and outcomes are being met
  - The Caregiver Option Plan (SFN 165) may be terminated if the caregiver has not accessed services within a review period (at a minimum of quarterly). The termination will be issued in writing with the use of the NDFCSP Notice of Service Denial, Closure or Termination (SFN 331)
  - Completion of required Department forms needed to authorize services (i.e. SFN 135 – North Dakota Family Caregiver Support Program Provider Service Log – Individual, SFN 492 - North Dakota Family Caregiver Support Program Provider Service Log – Agency, SFN 549 – Respite Home Evaluation, and SFN 225 – NDFCSP Rural Differential Unit Rate Authorization)
  - New Caregiver Option Plans (SFN 165) must be completed when the effective date expires. Caregiver Option Plan (SFN 165) updates may be completed by meeting with or making phone contact with caregivers and acquiring signatures via the mail. A copy of the Caregiver Option Plan must be mailed to the caregiver

after each review date if there were changes in services or providers

- Caregivers must receive a minimum of four contacts per year including a face-to-face visit within each six month period
- Create/maintain working partnerships with other agencies and organizations that provide services to support caregivers

## **2. Counseling/Support Groups/Caregiver Training – Individual and Family**

### **A. Counseling**

- Identify and arrange for payment for qualified professionals to complete up to four sessions during a 12-month enrollment period for individual or family counseling of eligible caregivers. If it can be demonstrated that the caregiver has an extraordinary need for additional counseling beyond the four sessions, a written request must be submitted to the NDFCSP Program Administrator. A one-time extension of the four sessions will be considered on a case-by-case basis. Caregivers who require on-going counseling will be referred as needed. A qualified professional includes a psychologist, licensed social worker, and counselors as defined by North Dakota Century Code. Counseling may include, but not be limited to the following topics:
  - Caregiver Stress and Coping
  - End of Life Issues/Grief Counseling
  - Family Relations/Dynamics
  - Substance Abuse
  - Decision Making and Problem Solving

### **B. Support Group**

- Facilitate development/maintenance of caregiver support groups. Reimbursement may be provided for start-up costs for support groups that have a caregiver component for a period of up to six months. The goal is to encourage each group to become self-sustaining. Educational materials may be provided as needed

### **C. Caregiver Training**

- Identify and arrange payment for qualified professionals to complete individualized caregiver training that meets

the needs of the eligible caregiver. Qualified professionals include, but are not limited to:

- Nurses
- Occupational therapists
- Physical therapists
- Dietitians

Whenever possible the training should be held in the home where care is being provided

- Training may include but not be limited to the following areas:
    - Generally accepted practices of personal care tasks and personal care endorsements
    - Assistive technology
    - Planning for long term care needs
    - Health and nutrition counseling
    - Behavior management
    - Financial literacy
  - For the provision of the department approved caregiver dementia trainings, sessions must be scheduled with the department approved provider. The trainings should be limited to caregivers enrolled in the NDFCSP and their providers. A copy of the list of caregivers and respite providers attending department approved caregiver dementia trainings must be sent to the NDFCSP Program Administrator
3. Information Services – Public education, information, and training activities directed to large audiences including but not limited to the following:
- Booths at health fairs
  - Mailing out NDFCSP brochures
  - Posting NDFCSP flyers
  - Public service announcements advertising the NDFCSP and services
  - Church bulletin inserts
  - Media events which advertise the NDFCSP and services
  - Public newsletters promoting the NDFCSP and services
  - Participate in coalitions and/or planning committees which focus on aging/caregiving service needs, issues, events

- Public presentations regarding caregiving and grandparent issues
- Newsletters/newspaper articles which provide information on caregiving or grandparent issues
- Public caregiver trainings that focus on caregiving or grandparent issues; i.e. Dementia Training

## 4. Respite Care

- A caregiver is eligible to receive funding for respite services if they are providing 24-hour care and the care recipient has two or more activities of daily living (ADL) limitations or a cognitive impairment which makes it unsafe for them to be left alone. The ADL impairment requirement for respite services eligibility does not apply to children ages 18 and under
- A qualified respite care provider may include an individual, registered nurse, licensed practical nurse, certified nurse assistant who is enrolled as a respite care qualified service provider (QSP) with the Department of Human Services, an adult/child day care facility, a licensed adult or child foster care home, long term care facility, or a qualified family member who is related to the individual receiving care. Biological, adoptive parents and stepparents are not eligible to receive NDFCSP respite care payments when caring for their own biological, adopted or stepchildren
- Respite care that will be provided in the home of a qualified service provider (QSP) cannot be authorized until a home visit and Respite Home Evaluation (SFN 549) has been completed with the QSP. The SFN 549 is not required when respite services are being provided in the home of a qualified family member or in a licensed adult or child foster care home
- Respite Home Evaluations (SFN 549) are valid for no longer than 24 months from the date of issuance or the date of expiration of the provider's status as a qualified service provider (QSP), whichever comes first. The QSP expiration date can be obtained from Aging Services Division. A copy of the evaluation form must be provided to the QSP and the original should be maintained in the provider's file

- Individual [i.e. qualified family members and qualified service provider (QSP)] rates for respite care services shall not exceed the current maximum Medicaid QSP rate. A qualified family member is the spouse of or one of the following relatives, or the current or former spouse of one of the following relatives of the care recipient: parent, grandparent, adult child, adult sibling, adult grandchild, adult niece, or adult nephew
- Respite care services must be prorated on a three month allocation or if less than three months, the number of months the Caregiver Option Plan is in effect. The Caregiver Option Plan must be reviewed a minimum of every three months to assess caregiver use of respite care
- Respite care services available to a primary caregiver cannot exceed the established service cap for respite care service in a twelve-month period (July 1 to June 30). The Aging Services Division staff determines the service cap for each 12-month enrollment period. Updated service cap information will be issued as changes occur. A written request to exceed the established service cap must be sent to the Aging Services Division NDFCSP Program Administrator for approval. Approval will be determined on a case-by-case basis and will be limited to a one-time allocation
- Respite care service allocations may exceed the quarterly prorated cap if the caregiver's need has been established and documented in the caregiver record and does not exceed the twelve month service cap
- Providers who have an individual QSP rate different from the state maximum Medicaid QSP rate shall be paid at their established individual rate, not the maximum Medicaid QSP rate
- Agency unit respite rates shall not exceed the current maximum rate for the service under Medicaid. Agency providers who have an agency QSP rate different from the maximum state Medicaid QSP rate shall be paid at their established agency rate, not the maximum Medicaid QSP rate

- For reimbursement purposes, overnight/24-hour respite care is based on the hours of 12 am (midnight) to 11:59 pm
- Payment for overnight/24-hour, in-home respite provided by an enrolled QSP, qualified family member or agency shall not exceed the current Medicaid hospital swing bed rate. Payment for one day of respite care cannot exceed the current Medicaid hospital swing bed rate whether or not the person received overnight care
- Overnight/24 hour respite care provided in a hospital swing bed or long-term care facility shall not exceed the current Medicaid swing bed rate
- Overnight respite care services for eligible grandchildren may be provided in a licensed child foster care home. Approval from the local county social service case manager working with the child foster care home must be obtained prior to making arrangements for respite services
- Authorization or use of respite services for time while the caregiver is at work is prohibited. If a care recipient is staying home alone during the time the caregiver is at work, the caregiver is not eligible to receive NDFCSP respite services
- Caregivers who receive respite or in-home care services from a source other than a public funded program (i.e. Hospice, Veteran's Services, insurance, etc.) may receive NDFCSP program respite services but the amount of the respite service allocation should be carefully considered based on amount of respite services other programs are providing
- Caregivers and their providers who meet the eligibility for the NDFCSP Rural Differential QSP unit rate will receive a service cap adjustment over the established service cap for the enrollment period. Rural differential service cap information will be issued as changes occur. The NDFCSP Program Administrator must be notified via email every time a caregiver has been authorized to receive the rural differential unit rate and again when their enrollment has been terminated
- Caregivers eligible for the NDFCSP rural differential respite care services unit rate will receive an

overnight/24-hour care rate that exceeds the current Medicaid hospital swing bed rate. The Aging Services Division, in conjunction with Medical Services Division, will establish the maximum daily rate based on rural differential care services unit rate for the current enrollment period. Overnight/24-hour care rates will be issued as changes occur

- Individuals providing care for a person with Alzheimer's disease or a related dementia are eligible to receive an enhancement of \$600 over the established service cap for the enrollment period if they and at least one of their respite providers have successfully completed the NDFCSP approved caregiver dementia training
- Individuals who receive Alzheimer's disease or related dementia enhanced respite service funding are not eligible to receive an additional respite allocation beyond the service cap established for the enrollment period

## **5. Supplemental Services**

- Identify and arrange for up to \$300 per household per twelve-month enrollment period (July 1 to June 30) in reimbursement for assistive devices not available through the Aging Services Assistive Devices contract and/or incontinent supplies. Consideration will be given to a one-time additional allocation of \$200 for supplemental services if it can be demonstrated the caregiver has an extraordinary need. Additional allocation requests must be submitted in writing to the Program Administrator and approvals shall be determined on a case-by-case basis
- Assistive safety devices include adaptive and preventive health aids that will assist the caregiver in providing care to the care recipient
- Incontinent supplies include pads, diapers, and other protection products
- The \$300 supplemental service cap cannot be used as a partial payment for an assistive safety device

## **6. Disaster/Emergency Planning**

### **INITIAL ASSESSMENT:**

Assessment data must be documented in the SAMS web-based data system. Document the following in the Narrative section of the SAMS Caregiver Assessment form:

- The date and source of the referral;
- A brief descriptive statement of the interaction with the caregiver, including any identified service needs;
- Alternatives explored;
- Service delivery options offered;
- Services accepted or refused by the caregivers;
- The caregiver's choice of provider(s).

### **FOLLOW-UP CONTACTS:**

Document in the Narrative section of the SAMS Caregiver Assessment form all activities and contacts with caregivers, family, agencies, respite providers, etc. in relation to the caregiver.

Documentation must include, as applicable:

- The purpose of the contact;
- Condition of or changes in the caregiver or care recipient situation;
- Observations and/or concerns regarding caregiver home conditions;
- Outcome(s) of any referrals provided to or made on behalf of the caregiver;
- Impact of the NDFCSP involvement for the caregiver; and
- Reports of any caregiver concerns from other parties involved with caregiver, as applicable

For reporting purposes, document service delivery in the web-based SAMS data collection system, on a monthly basis.

Document the following in the individual client record:

1. Access Assistance

One case management service equals one contact (FCSP Case Management)

- Case management services includes all interactions that are directly related to the caregiver (i.e. initial assessment, completion authorization of services, contacts with individuals or agencies to arrange for services, and all follow-up contacts with the caregiver)
- Every contact (service delivery) must have a corresponding narrative documented in the Narrative section of the consumer assessment

2. Counseling/Support Groups/Training - includes counseling, support groups, and caregiver training

Select the respective service provided:

- One counseling service equals one session per participant (FCSP Counseling - Individual and FCSP Counseling - Family)
- One support group equals one session per participant (FCSP Support Groups); participation by caregivers in other community caregiver support groups may be included as service delivery
- One caregiver training equals one session per participant (FCSP Training for Caregiver)

3. Respite Care

Document the following in the SAMS Consumer Group:

Information Services – activities directed to larger audiences

One information service equals one activity (Consumer Group:  
RASPA/FCSP PUB ED-TRNG)

- Record activities in the SAMS Consumer Group Comments Section indicating the date, location where activity occurred, audience, and number of participants

## **Rural Differential Unit Rate for Qualified Service Providers 650-25-30-10-15**

**(Revised 1/1/16 ML 3463)**

[View Archives](#)

### **Purpose**

The purpose of the rural differential rate is to create greater access to home and community based services for caregivers who reside in rural areas of North Dakota by offering a higher rate to Qualified Service Providers (QSPs) who are willing to travel to provide services. QSPs that are willing to travel at a minimum distance of 21 miles round trip to provide care to authorized individuals in rural areas will be reimbursed at a higher rate to provide respite care services for NDFCSP caregivers. Rural differential unit rates vary based on the round trip mileage. QSPs are not paid for the time they drive to or from the client's home; the rural differential rate may only be used for the time spent actually providing services.

### **Standards for Providers**

Only enrolled agencies or individual QSPs authorized to provide NDFCSP services are eligible to receive the rural differential rate. Family members are not eligible to receive rural differential rate unless they enroll as a QSP with the NDFCSP.

### **Service Activities, Authorized**

The rural differential rate is based on the physical address of the eligible caregiver and must be identified on the Caregiver Option Plan (SFN 165).

The NDFCSP Rural Differential Rate Authorization (SFN 225) will be completed upon enrollment for each caregiver and QSP provider who meet the eligibility criteria for the rural differential rate. The SFN 225 will be completed upon closure to include the date of case closure.

# **State & Community Programs Funded Under the Older Americans Act Policies and Procedures**

Division 20  
Program 610

Service 650  
Chapter 25

---

Copies of the NDFCSP Rural Differential Rate Authorization when both opening and closing a case will be distributed as follows:

- Original to the QSP
- Copy in the caregiver file
- Copy to the Qualified Service Provider file
- Copy to the NDFCSP Program Administrator
- NDFCSP Program Administrator will forward a copy to Medical Services

The rural differential rate will be added on the NDFCSP Caregiver Option Plan as providers become eligible for the rate.

The NDFCSP Program Administrator must be notified via email of every caregiver and QSP who are eligible for the rural differential rate upon sign up and case closure.

## **Service Eligibility, Criteria for**

The rural differential rate is caregiver specific. A NDFCSP caregiver receiving services paid at the rural differential rates will meet the following criteria:

1. Must be eligible for NDFCSP services.
2. Reside outside the city limits of Fargo, Bismarck, Grand Forks, Minot, West Fargo, Mandan, Dickinson, Jamestown, and Williston.
3. Needs respite care services and does not have access to a QSP of their choice, within a minimum of a 21 mile round trip distance of their residence who is willing to provide care.

The distance between the caregiver's home and the QSPs home base must be verified by using the following website: [www.mapquest.com](http://www.mapquest.com). The most reasonable route must be used. A printed copy of the MapQuest results must be kept in the caregiver file. A copy of the MapQuest mileage verification must be sent with the SFN 225 to the NDFCSP Program Administrator.

# **State & Community Programs Funded Under the Older Americans Act**

## **Policies and Procedures**

Division 20  
Program 610

Service 650  
Chapter 25

---

If there is a discrepancy in what is considered city limits, notify the NDFCSP Administrator. The Rural Differential Program Administrator, Medical Services Division, will make the final determination.

### **Service Delivery**

The rural differential rate is based on the number of miles (round trip) a QSP travels from their home base to provide services at the home of an authorized NDFCSP caregiver.

- Home base is either the individual QSPs physical address, or the agencies home office, satellite office, or employees physical address (if they are not required to report to the home office each day because of distance) whichever is closer.
- If an agency employee is not required to report to the home office each day because of distance and they live 21 or more miles (round trip) from the client's home the rural differential rate may be used. If the employee lives less than 21 miles (round trip) from the client's home the rural differential may not be used. Rural differential unit rates vary based on the number of round trip mileage.
- Rural differential rates are based on the distance it takes to travel to each individual client's home even if the QSPs serve more than one caregiver in the community or in the same home.
- Information on the rural differential unit rate will be provided as changes occur.

### **Addresses**

The physical address (PO BOX is not acceptable) listed on the QSP list or NDFCSP Provider Agreement must be used when determining which rural differential rate to use for individual QSPs and Agency providers.

1. Duplication of services.
2. Breach of confidentiality.
3. Provision of caregiver services to a caregiver who is caring for an older individual who resides in an institutional setting.
4. Use of Older Americans Act funds to provide caregiver services to a caregiver, who does not meet the definition of a grandparent or relative caregiver, who is providing support to an individual between the ages of 19 and 59 regardless of disability or cognitive status.
5. Provision of NDFCSP respite or supplemental services to individual caregivers who are receiving services as part of a public program or being paid by private arrangement to provide care.
6. Provision of NDFCSP services to a caregiver who resides with the care recipient in an assisted living setting.
7. Provision of NDFCSP services to a caregiver and/or recipient who has been determined eligible to receive services as part of a public pay program but chooses not to access those services.
8. Provision of NDFCSP services to a caregiver or care recipient who has private long term care insurance coverage of home care services if the insurance provides coverage for respite services.
9. Provision of respite care services when the care needs of the care recipient exceed the standards for service delivery and allowable tasks/activities for respite (QSP) providers as contained in the "Individual Qualified Service Provider Handbook." The caregiver may be enrolled to access counseling or training services.
10. Provision of respite care services when the caregiver's health prohibits adequate care for the care recipient.
11. Provision of continued enrollment of caregivers who temporarily relocate their residence (2 months or longer) outside of North Dakota. An individual who meets the FCSP eligibility criteria may be enrolled in the FCSP and receive services during the period of time they physically reside in the state.
12. Provision of caregiver services to an individual who is providing care and assistance on a daily basis but does not live with the care recipient.

## **Qualified Service Provider Complaints 650-25-30-25 (Revised 1/1/16 ML#3463)**

[View Archives](#)

A complaint against a qualified service provider, family or agency NDFCSP provider may be made to the Human Service Center or to the Aging Services Division of the North Dakota Department of Human Services. A recipient of NDFCSP services or a friend, family member, guardian, legal representative or neighbor of the recipient or any other interested/anonymous party may file a complaint.

When a complaint is received about a NDFCSP service provider follow these steps:

1. Ask for the name of the person who is making the complaint, the name of the caregiver or care recipient and the name of the qualified service provider, family or agency provider. Ask for a complete description of the problem or complaint.
2. If there are reasonable grounds to believe that the recipient's health or safety is at risk of harm, and if deemed appropriate by the designated Vulnerable Adult Service worker a home visit will be made to further assess the situation and take necessary action. If the vulnerable adult is in immediate danger, contact law enforcement immediately and then make a report to the regional Vulnerable Adult Protective Services office.
3. If there is no immediate risk but a problem exists, Aging staff will work with the caregiver and other interested parties to resolve the complaint.
4. The complaint must be reported to the Aging Services Division NDFCSP Program Administrator. When applicable, the NDFCSP Program Administrator will notify the provider in writing of the changes that they must make in order to maintain their provider status or Aging Services will remove a qualified service provider, family or agency provider from the list of approved providers if the seriousness and nature of the complaint warrant such action.
5. Complaints regarding an enrolled Qualified Service Provider will be handled by the NDFCSP Program Administrator and the Home and Community-Based Services Program Administrator regarding the

## **Denial and Termination of Services 650-25-30-30**

**(Revised 1/1/16 ML #3463)**

[View Archives](#)

1. The Department through Aging Services Division must consider termination of NDFCSP services when:
  - Service to the caregiver presents an immediate threat to the health or safety of the caregiver, care recipient, the provider of services, or others.
  - Services that are available through the NDFCSP are not adequate to prevent a threat to the health or safety of the caregiver or care recipient, the provider of services, or others. Examples of health and safety threats include physical abuse of the provider by the caregiver or care recipient, caregiver or care recipient self-neglect, an unsafe living environment for the caregiver or care recipient, inability of caregivers to provide care in critical areas, or contraindicated practices, including smoking while using oxygen.
2. NDFCSP services will be terminated when the care recipient moves into an institutional setting or the caregiver or recipient, or both, no longer meet the program eligibility requirements.
3. A client will be notified in writing of the reason for the termination, the right to submit a grievance, and the grievance process through the NDFCSP Notice of Service Denial, Closure or Termination (SFN 331). The SFN 331 is not required if the closure is due to the death of the caregiver or the care recipient.
4. If a grievance is submitted, as outlined on SFN 331, the process will include a conference with the NDFCSP Program Administrator and/or a review by Aging Services Division Director. Following the review, a written response will be sent to the caregiver submitting the grievance by the Division.
5. Consult with the NDFCSP Program Administer when termination of services is being considered.
6. The SFN 331 must be sent to a caregiver to notify of the discontinuation of services (case closure).

1. The SAMS Health Maintenance Assessment form was designed to assist the health care professional to determine the need for health maintenance services. Only trained health care professionals (as outlined in Section 650-25-35-15 Staffing Requirements) may conduct health maintenance assessments. At a minimum, the NAPIS data (Sections I. General Information and Section II. Demographics) of the SAMS Health Maintenance Assessment form must be completed and entered in the SAMS reporting system, as the data is required for federal reporting purposes. The health care professional may elect to assess a client using the entity's own assessment forms or use the SAMS Health Maintenance Assessment form to complete the assessment process. Documentation (in the Narrative section of the SAMS Health Maintenance Assessment form) should indicate if the contract entity is using their form to assess a client. If a client could benefit from nutrition or other support services, a referral should be made to an appropriate entity.

Information obtained on the SAMS Health Maintenance Assessment form must be reviewed and updated in the SAMS data system (under Assessments, select Copy) within a consecutive 12-month period.

2. Records must be maintained for each client and include at a minimum the following information: date of service; information provided client, as applicable to the service; and other contact with client and/or his/her physician. Contract entities may choose to document each contact in a contract entity specific client record or in the Narrative Section of the web-based SAMS Health Maintenance Assessment form. Each record must be maintained in an individualized file and secured in a locked file cabinet, locked area, or a restricted computer program.

3. Written reports and referrals to client's physician or appropriate agency may be made when indicated by services provided and where appropriate, after the written consent of the client is obtained.
4. Perform health maintenance services as outlined in the Service Delivery Procedures. Information and education must be provided to each client in conjunction with the health service provided.
5. Payment will be made for the following service procedures: blood pressure/pulse/rapid inspection, foot care, home visit, and medication set-up. Foot care must be available a minimum of once per month within each county in the service area.
6. Health maintenance services must be provided throughout the contract period in accordance with the Contract.
7. Any alteration in the pattern of service delivery must be discussed with the Regional Aging Services Program Administrator prior to the change. All service delivery options should be considered/explored.

After discussions have been held and an alternative plan has been agreed upon, the contract entity must complete and submit to Aging Services Division a revised Service Provision Form as outlined in Section 650-25-75-05-05 of the this service chapter.

#### Eligible Clients 650-25-45-01-01

(Revised 1/1/14 ML#3396)

[View Archives](#)

1. Individuals age 60 and older and their spouses, regardless of age. A home-delivered meal may be provided to the spouse of an eligible client, regardless of the spouse's age or condition, when receipt of the meal is in the best interest of the eligible home-delivered meals client.
2. Individuals under age 60 (except for spouses) must pay the full cost of service unless one of the criteria listed below (3, 4, or 5) is met.
3. Volunteers under age 60 providing meal services during meal hours. The contract entity may make a meal available if a specific criterion is included in the entity's Program Policies and Procedures Manual. Individuals under age 60 (except for spouses) may receive a meal only when it will not deprive an eligible client the opportunity to receive a meal.
4. Individuals with disabilities under age 60. The contract entity may make nutrition services available to individuals with disabilities under age 60 who reside in a housing facility primarily occupied by older individuals where there is a Title III congregate meal site when provision of the service does not prevent the participation of individuals age 60 and older and their spouse. If home-delivered meals are offered at the meal site, the individual with a disability under age 60 must meet eligibility criteria as outlined in Section 650-25-45-01-10(6). The individual is only eligible to receive nutrition services that are provided at the housing facility where he or she resides. Specific housing facility meal sites must be identified in the contract and in the entity's Program Policies and Procedures Manual. Individuals under age 60 (except for spouses) may receive a meal only when it will not deprive an eligible client the opportunity to receive a meal.
5. Individuals under the age of 60 with disabilities residing with eligible clients. The contract entity may make a meal available to an individual with a disability who resides at home with an eligible individual if specific criteria are included in the entity's Program Policies and

1. Congregate Meals – At a senior center or designated congregate setting (including schools and other facilities serving meals to children in order to promote intergenerational meal programs) that is in as close proximity as feasible to the majority of eligible individuals' residences. The meal site must meet state and local fire safety and sanitation codes and standards, be accessible to individuals with disabilities, and have planned access to a telephone.
2. Home-Delivered Meals – In the homes of eligible home-delivered meals clients.

## **Delivery Characteristics 650-25-45-01-10**

**(Revised 10/1/15 ML #3454)**

1. Contract entities must meet all applicable state and local laws and regulations regarding the safe and sanitary handling of food, equipment, supplies, and materials used in the storage, preparation, and delivery of meals and services to older persons. (Refer to the "North Dakota Requirements for Food and Beverage Establishments", North Dakota Administrative Code (NDAC) Chapter 33-33-04.)
2. Congregate meals may be provided as hot or cold; home-delivered meals may be provided as hot, shelf stable, frozen, modified atmosphere packaging (MAP), or nutritional supplements.
  - a. Hot Food
    - i. Hot food must be served at 135 degrees Fahrenheit or higher.
    - ii. Document daily monitoring of hot food temperatures for each meal site.
    - iii. The hot food portion of a home-delivered meal must be packaged at 135 degrees Fahrenheit or higher and delivered within a two-hour time frame unless packaged and stored in a manner that will maintain the food temperature throughout the route (i.e. a plug-in-heating unit).
  - b. Cold Food
    - i. Cold food must be served at 41 degrees Fahrenheit or less.
    - ii. Document daily monitoring of cold food temperatures for each meal site.
    - iii. Working thermometers must be in place in all refrigerators/walk-in coolers. Refrigeration temperatures must be maintained between 35-41 degrees Fahrenheit.

- iv. Document weekly monitoring of temperatures of refrigerators/walk-in coolers.
- v. The cold food portion of a home-delivered meal must be packaged at 41 degrees Fahrenheit or less and delivered within a two-hour time frame unless packaged and stored in a manner that will maintain the food temperature throughout the route (i.e. a plug-in cooling unit).

### c. Shelf Stable

Label must include entrée selection, and the date of expiration.

### d. Frozen

- i. If commercially frozen meals are not used, frozen meals must be produced using rapid/blast freeze equipment and technology.
- ii. Label must include entrée selection, instructions for storage and reheating, and the date of expiration. The date of the expiration should be no longer than three months after the meal was rapid/blast frozen.
- iii. Working thermometers must be in place in all freezers. Frozen food must be maintained at zero degrees Fahrenheit or below.
- iv. Documentation of weekly monitoring of temperatures of freezers.
- v. The provider must assure the client has the ability to store and prepare the frozen meal.
- vi. All frozen meals must be recorded only as a sub-service of home-delivered meals.

### e. Nutritional Supplement

The provision of any nutritional supplement must be based on a written diet order signed by a physician.

A nutritional supplement (i.e. Ensure) may be counted as a billable unit of service if there is a physician's order, and if the supplement is the only 'meal' the client is receiving. Nutritional supplements served in addition to a meal are not considered a separate meal. The nutritional supplement given in an amount

that equals 1/3 DRI (i.e. two cans of Ensure) cannot be considered as a Title III meal unless it is the only food provided and consumed by the client.

However, if there is a physician's order and if two cans of Ensure were provided and consumed (no food provided in addition to the nutritional supplement), the nutritional supplement can be billed as a Title III meal. (The nutritional supplement given in an amount that equals 1/3 DRI (i.e. two cans of Ensure) cannot be considered as a Title III meal unless it is the only food provided and consumed by the client).

Supplements are also available in a frozen state. The contract entity must check with the manufacturer/supplier for the recommended shelf life of thawed supplements if the discard date is not indicated on the package.

### **f. Modified Atmosphere Packaging (MAP) Meal**

Modified Atmosphere Packaging (MAP) is a technology that has been developed to ensure that packaged food products stay fresh and attractive for as long as possible. MAP extends the shelf life and preserves the quality of food without additives or preservatives. Shelf life of fresh food is significantly extended, while spoilage and waste are reduced.

If a MAP meal is used for the home-delivered meal service, the nutrition services contract entity must assure that the client has the ability to store and prepare the MAP meal.

3. The Older Americans Act authorizes the provision of congregate meals and home-delivered meals. There is no provision for carry-out or take-out meals. Meals must be provided five or more days per week in the defined service area. Congregate meals must be served a minimum of three days per week at each congregate meal site. A minimum of five home-delivered meals must be made available per client per week in the client's home. Meals must be served during appropriate meal times.

4. A contract entity may choose not to serve congregate meals on holidays. The contract entity must identify the specific holidays a site(s) will be closed in their Program Policies and Procedures Manual. Site closures must also be included in the menus, the contract entity's newsletter (if applicable), and posted in a visible location at the meal site.

For home-delivered meals, an alternative option (i.e. shelf stable, frozen, or modified atmosphere packaging (MAP) meal) must be made available to avoid an interruption of service to the home-delivered meals client.

5. Congregate meal service must address the following:
  - a. All eligible congregate meals clients who participate or plan to participate shall provide baseline data as outlined in the SAMS Congregate Meals Program Registration form and complete the Nutrition Screening Checklist. If a meal and the client are reported as a part of the State Program Report, baseline data (NAPIS data) and the Nutrition Screening checklist must be completed. Contacts may be documented in the Narrative section of the SAMS Congregate Meal Program Registration form, as appropriate. The Nutrition Screening Checklist must be reviewed and updated in the SAMS data system within a consecutive 12-month period for congregate meals clients.

Eligible congregate meal clients who may be one-time guests, visiting for a short time, etc., are required to complete the Congregate Registration Form. A SAMS Consumer Group posting cannot be used as service delivery for reimbursement purposes. This assures compliance with federal reporting requirements under NAPIS and the State Program Report.

- b. Clients who request service may be required to sign up in advance of the date of the service as identified in the contract entity's Program Policies and Procedures Manual.
  - c. Copies of the menu, and voluntary contribution information must be publicly displayed at all congregate meal sites.
  - d. Adaptive equipment to meet special needs must be available.
  - e. Food not requiring refrigeration may be taken home by participants.

- f. For safety reasons, a contract entity may choose to deliver a meal to a congregate client during inclement weather and/or disaster situations. The contract entity should include this in their Program Policies and Procedures Manual under 'procedures to assure service delivery in weather-related emergencies' and 'written emergency disaster preparedness plan' [Reference: Section 650-25-45-30-01(1)(i) and (j) of this service chapter].

If a contract entity chooses to deliver a meal to a congregate client during inclement weather/disaster situations, the meal should be recorded in the SAMS service delivery as a congregate meal.

- g. A congregate client must be offered all of the required menu components; however, the client may choose not to take a specific menu component. Food should not be placed on the client's tray/plate if he or she does not want the specific food component. A meal is considered eligible based on nutritional content, and not on how much is eaten.

### **6. Home-delivered meals criteria include:**

- a. Client must be homebound because of physical incapacity, mental or social conditions, or isolation. A person is considered homebound when one or more of the following exist:
  - Limited physical mobility;
  - Emotional or psychological impairments that prohibit participation at a congregate site;
  - Remote geographic location where no congregate meal site exists; or
  - Remote geographic location that prohibits accessing the meal site due to transportation issues.
- b. A home-delivered meal may be provided to the spouse of an eligible client, regardless of the spouse's age or condition, when receipt of the meal is in the best interest of the eligible home-delivered meals client.

# State & Community Programs Funded Under the Older Americans Act Policies and Procedures

Division 20  
Program 610

Service 650

The only exceptions to the home-delivered meal criteria are provisions for meals in weather-related emergencies and other disasters:

- If a contract entity delivers a meal to a congregate client during inclement weather [Reference: OAA Policies and Procedures Section 650-25-45-01-10(5)(f)]; or
  - If provisions for the delivery of a frozen, modified atmosphere packaging (MAP), or shelf stable meal for a congregate client as an emergency meal are included in the contract entity's Program Policies and Procedures Manual assuring service delivery in weather-related emergencies and in their disaster preparedness plan.
- c. Eligibility for home-delivered meals must be determined using the SAMS Home-Delivered Meal Program Registration form. If a meal and the client are reported as a part of the State Program Report, baseline data (NAPIS data), the Nutrition Screening Checklist and ADLs/IADLs must be completed. Initial determination of eligibility may be accomplished by telephone. Within two weeks after beginning meal service, a home visit and the SAMS Home-Delivered Meal Program Registration form must be completed to verify eligibility. The Nutrition Services contract entity may accept program registration information from another Older Americans Act entity. Information must be recorded in the SAMS data system. Documentation must include verification of eligibility for individuals under the age of 60.

For continued home-delivered meal service, redetermination of eligibility must be completed every six months, or sooner, as needed. Redetermination can be accomplished through a home visit or by telephone. At a minimum, one home visit must occur within a consecutive 12-month period. The redetermination must be documented in the SAMS data system. Documentation must indicate the method of redetermination (home visit or telephone) and include verification of continued eligibility for individuals under the age of 60.

- d. Initially and on an annual basis, the Nutrition Services contract entity must provide copies and review content of the menu, voluntary contribution information, and home-delivered meals

policies and procedures with the client. The contract entity is encouraged to provide available medical information approved by health care professionals, such as informational brochures and information on how to get vaccines, including vaccines for influenza, pneumonia, and shingles, in the individuals' communities.

- e. The Nutrition Services contract entity must limit the amount of time meals spend in transit before they are consumed.
  - f. A home-delivered meals client must be offered all of the required menu components; however, the client may choose not to take a specific menu component. Client preference should be documented in the narrative section of the client record. A specific food component should not be delivered if the client has chosen not to receive it. A meal is considered eligible based on nutritional content, and not on how much is eaten.
7. Nutrition education must be provided to both congregate and home-delivered meals clients by the Nutrition Services contract entity. A licensed registered dietitian or person with comparable expertise shall be requested to provide input regarding the content of the nutrition education prior to presentation or distribution of materials.
- a. Nutrition education shall be provided at each congregate meal site on a semi-annual basis (minimum). Nutrition related presentations, printed materials, videos, food demonstrations, and cooking classes are acceptable formats for the provision of the service. Documentation indicating the meal site, date, presenter (as applicable), topic presented, number of clients receiving nutrition education, and the number of service units must be maintained. To record Service Delivery in the SAMS data system, a separate Consumer Group should be created for each meal site. Each client attending a presentation equals one unit of service.
  - b. Nutrition education for home-delivered clients must be carried out on a semi-annual basis (minimum). Printed materials are an acceptable format for the provision of the service. A copy of the printed nutrition education material and documentation of the date of distribution, number of clients receiving the service must be maintained. To record Service Delivery in the SAMS data system, a separate Consumer Group should be created for each

- meal site. Each client receiving the printed material equals one unit of service.
  - c. Expenses for the provision of nutrition education are included in the unit cost of a congregate and home-delivered meal and are not a separate billable unit.
  - d. Units of service and the estimated cost must be reported on the Monthly Data & Payment Report.
8. All congregate and home-delivered meals clients must be screened for nutritional risk using the Nutrition Screening Checklist, which is a part of the SAMS Congregate Meals Registration form and the SAMS Home-Delivered Meal Program Registration form.
- a. For congregate meals clients, the screenings must be conducted a minimum of one time within a consecutive 12-month period.
  - b. For continued receipt of home-delivered meals, redetermination of eligibility must occur every six months or sooner as applicable. Redetermination must include completion of the Nutrition Screening checklist and ADL/IADL's. The redetermination may be conducted through a home visit or by telephone. At a minimum, one home visit must occur within a consecutive 12-month period. If additional services are indicated, a referral should be made to the appropriate agency and/or to the regional ADRL.
  - c. Screening results for all clients must be recorded in the SAMS data system. Clients should be encouraged to 're-check' their nutritional scores as indicated: Score of 0-2 should recheck in 6 months; score of 3-5 should recheck in 3 months; score of 6 or more are at high nutritional risk -- discuss (with the client) the possible referral to their physician or licensed registered dietitian to address nutritional concerns and ways to improve their nutritional health (see information in 7d).
  - d. Clients who screen 'at high nutritional risk' should consider referral to a doctor or licensed registered dietitian for follow-up and possible nutrition counseling. The Nutrition Services contract entity shall discuss with the client and if written release is obtained, make a referral to the licensed registered dietitian providing services to the Nutrition Services contract entity or to the client's physician. Documentation of the contact and outcome must be recorded in the Narrative section of the applicable SAMS meal registration form.

9. Nutrition counseling for congregate and home-delivered meals clients identified at high nutritional risk through the Nutrition Screening Checklist can only be provided by a licensed registered dietitian. All nutrition counseling must be recorded as Service Delivery for each individual client in the SAMS data system.
  - a. For recording purposes, a unit of service is one session.
  - b. Expenses for the referral/provision of nutrition counseling are not a separate billable unit.
  - c. Units of service and the estimated cost must be reported on the Monthly Data & Payment Report.
10. Any alteration in the pattern of service delivery must be discussed with the Regional Aging Services Program Administrator prior to the change. All service delivery options should be considered and/or explored.

After discussions have been held and an alternative plan has been agreed upon, the contract entity must complete and submit a revised Service Provision Form to Aging Services Division as outlined in Section 650-25-75-05-05 of this service chapter.

## **Billable Units of Service 650-25-45-05**

**(Revised 10/1/15 ML#3454)**

[View Archives](#)

1. For billing purposes, one congregate meal equals one unit of service.
2. For billing purposes, one home-delivered meal equals one unit of service.
  - a. Nutrition providers must record the type of home-delivered meal provided in the Subservice section of SAMS Service Delivery.
  - b. All frozen meals must be recorded only as a sub-service of home-delivered meals. If a frozen meal is prepared for consumption at a congregate site, the meal must be recorded in SAMS Service Delivery as Congregate Meal with the subservice Hot/Cold Meal.
  - c. A nutritional supplement is considered as one meal if there is a physician's order and if the client is only provided and consumes liquid food equaling 1/3 of the DRI's..

Each billable unit of service received by a client must be recorded in the client's individual record in the SAMS data system by the 15th of the month following service delivery.

Congregate and home-delivered meal registrations and the provision of nutrition education and nutrition counseling are considered part of nutrition services and are not billable units of service.

1. All meals provided must:
  - a. Comply with the most recent Dietary Guidelines for Americans (DGAs), published by the Secretary and the Secretary of Agriculture; and
  - b. Provide a minimum of 33 1/3 percent of the dietary reference intakes (DRIs) established by the Food and Nutrition Board of the Institute of Medicine of the National Academy of Sciences, if the project provides one meal per day. A minimum of 66 2/3 percent of the allowances must be provided if the project provides two meals per day. If the project provides three meals per day, 100 percent of the allowances must be provided).

The DGAs describe food choices that promote good health. The DRIs help assure that nutrient needs are met.

2. The South Dakota Division of Adult Services and Aging developed recipes and menus that meet current dietary guidelines and DRI requirements. The menus were developed and nutritional analyses completed by Adele Huls, PhD, RD, LMNT, LN.

The recipes and menus are posted on the South Dakota website and are available for use by North Dakota contract entities. The recipes and menus can be accessed at:

<http://dss.sd.gov/elderlyservices/services/seniormeals/menusandrecipes.aspx>

3. Contract entities that do not use the menus developed by the South Dakota Division of Adult Services and Aging must address the following:
  - a. Develop menus that comply with the most recent Dietary Guidelines for Americans (DGAs) and meet current DRI recommendations. North Dakota will follow guidelines used by

- South Dakota in the development of menus to meet current DRI requirements. Guidelines for nutrient values are listed in #4.
- b. Use a cycle menu format (minimum of four weeks) that is rotated at set intervals and reflects seasonal availability of foods.
  - c. To the maximum extent practicable, consider the special dietary needs arising from health requirements, religious requirements, or ethnic backgrounds of eligible clients.
  - d. The cycle menus, recipes, and nutritional analysis must be submitted to Aging Services Division through the procurement process and/or upon request. The submitted materials must be signed by the contract entity's licensed registered dietitian or licensed nutritionist.
4. The following guidelines for nutrient values must be used in developing menus:

Contract entities should strive to meet nutrient values on a daily basis. Averaging of nutrient values over a 5-day or 7-day period is allowable.

5. A meal pattern is a menu-planning tool that ensures the number/numbers of servings per food group are met at each meal.  
**Meal patterns do not ensure that nutrient requirements are**

**met; therefore, computer-assisted nutrient analysis must be run** (see #4). Component meal patterns may be used to design menus; however, a specific menu pattern is not required.

The goal of healthy eating is a balanced diet including all food groups. The following five dietary components must be included in each meal when planning menus:

- a. Protein - Meats, Fish, Poultry, Legumes, Eggs, Nuts, and Cheese: Each meal should contain a **minimum** of two ounces of cooked, edible portions of meat, seafood, poultry, cheese, eggs, beans and peas, or unsalted nuts and seeds (or a combination thereof). Providers may choose to serve a larger portion of meat than the required two ounce minimum.
- b. Vegetables – choose a variety, especially dark green, red and orange vegetables. Serving sizes: 1/2 cup cooked legumes; 1/2 cup cooked vegetables; 1 cup raw leafy green vegetables, such as, lettuce or salad.
- c. Fruits – choose fresh, frozen, or canned fruit packed in water or juice, light syrup or without sugar. Before serving, rinse fruit packed in heavy sugar syrup. Serving sizes: 1 medium sized whole fruit; 1/2 cup fresh, chopped, cooked, frozen, or canned fruit; or 1/2 cup 100 percent fruit juice. The 2010 DGA encourage the consumption of whole fruit rather than 100 percent fruit juice.
- d. Breads/Grains – one-half of the daily grain intakes should be from whole grains. Serving sizes: 1 slice bread or 1/2 cup cooked rice, pasta, or cereal.
- e. Milk – each meal should include eight ounces of fat-free, low-fat, 1%, buttermilk, or calcium fortified soy milk or orange juice.

Other menu planning considerations include:

- Fat: Replace solid fats with plant based oils to improve diet quality without added calories. Choose plant based oils that have a high percentage of beneficial monounsaturated and polyunsaturated fatty acids.
- Dessert: Provide desserts occasionally as an optional element of the meal to satisfy caloric requirements or to deliver additional nutrients. Avoid serving desserts that are high in sugar, refined grains, and solid fats. The use of fruit as a dessert is encouraged.

# **State & Community Programs Funded Under the Older Americans Act**

## **Policies and Procedures**

Division 20  
Program 610

Service 650  
Chapter 25

---

- Sodium: Focus on a stepwise reduction of sodium over time. Prepare foods without adding salt in the cooking process. Use herbal seasonings to replace salt. Provide nutrition education on the health impacts of high sodium intake on older adults.
- 
6. All menu changes/substitutions must be documented on the menu for site review. In making substitutions, consideration must be given to assure dietary compliance is met. It is recommended that a list of approved substitutions be maintained at the meal site.
  7. Provision of a special or therapeutic diet to a client requires a signed physician's order. Menus must be planned with the advice of a licensed registered dietitian to establish appropriate nutritional therapy.
  8. Nutrition Services contract entities are prohibited from providing vitamin and/or mineral supplements to clients.

## Service Delivery Characteristics/Activities

**650-25-61-01-10**

**(Revised 1/1/14 ML#3396)**

[View Archives](#)

Tribal home visits must be delivered throughout the Reservation.

1. Identify and contact targeted older individuals on the Reservation.
2. Receive referrals, make home visits, identify possible service needs, and make appropriate linkage(s) to services.
3. All referrals must be contacted within two working days.
4. Adhere to the contract entity's written referral process as stated in the contract entity's Policies and Procedures Manual to coordinate service provision with other agencies.
5. For all clients receiving the service, the SAMS Tribal Home Visit Registration Form must be completed and data entered in the SAMS system. The contract entity should attempt to obtain all data requested on the form. NAPIS data is required for federal reporting purposes. Each visit must be documented in the Narrative section of the SAMS Tribal Home Visit Registration form. The documentation shall include:
  - the specific purpose of the home visit;
  - a brief descriptive statement of the interaction; and
  - outcome of the interaction.

Information obtained on the SAMS Tribal Home Visit Registration Form must be reviewed and updated in the SAMS data system (under Assessments, select Copy) within a consecutive 12-month period.

6. All contacts (telephone calls, e-mail and other written correspondence, and face-to-face visits) must be documented in the Narrative section of the SAMS Tribal Home Visit Registration form. Each contact must have a specific purpose. The documentation shall include:
  - the specific purpose of the contact;
  - a brief descriptive statement of the interaction; and
  - outcome of the interaction.

7. If more than one tribal home visit occurs within a thirty-day period, documentation must clearly justify the reason for the visit and outcome of the visit.
8. Each case record must be maintained in an individualized file and secured in a locked file cabinet, a locked area, or an access coded computer program.
9. A signed release of information document must be on file before information can be shared or released.
10. Any alteration in the pattern of service delivery must be discussed with the Regional Aging Services Program Administrator prior to the change. All service delivery options should be considered/explored.

After discussions have been held and an alternative plan has been agreed upon, the contract entity must complete and submit a revised Service Provision Form to Aging Services Division as outlined in Section 650-25-75-05-05 of the this service chapter.

Monitoring activities are conducted to determine the following:

- Compliance with state and federal rules, regulations and policies;
- Compliance with the terms of the contract and any attachments;
- If service provision meets or exceeds service standards and/or contract requirements, as applicable; and
- Factors that may have contributed to the achievement or lack of achievement in meeting service standards and/or contract requirements.

Using the Older Americans Act Title III Monitoring tool, on-site monitoring must be conducted by Department staff according to the schedule set forth by Aging Services Division. Department staff may conduct additional and/or more in-depth reviews based on specific circumstances and the needs of legal and contract entities. Regional Aging Services staff may request assistance from Aging Services Division staff in conducting monitoring activities.

An exit conference will be held at the conclusion of each on-site monitoring activity to summarize monitoring activities and outline non-compliance issues. Legal entities must respond, in writing, to any non-compliance issues identified during the assessment process in the time frame set forth by Department staff. Follow-up will be conducted to assure appropriate action has been taken to address each non-compliance issue.

Monitoring reports and written responses to non-compliance issues are forwarded to Aging Services Division for review and, if necessary, implementation of remedies. Failure to rectify issues of non-compliance may result in non-payment, recapture of funds, or contract termination.

## **SAMS Reporting 650-25-70-01**

**(Revised 1/1/16 ML#3463)**

SAMS is a web-based data management system used to comply with Administration on Aging reporting requirements as well as integrate data collection with other federal and state funded home and community-based services.

Contract entities providing the following services are required to submit program reports using the SAMS data system: Health Maintenance Services; Nutrition Services; and Tribal Home Visits.

Instructions for use of the SAMS data system can be accessed at: [www.synergysw.com/support/login.php](http://www.synergysw.com/support/login.php). Each user must create a user ID to access the standard user manuals. A Help button is in place in the database to assist the user and can be used any time when logged into the system.

Periodic SAMS trainings and on-going technical assistance are provided by Aging Services Division. Contract entities can request specific trainings on SAMS usage and reporting.

A SAMS Agency Summary Report must be generated in the SAMS data system to complete information for the Monthly Data & Payment Report (SFN 269) (235 kb), also generated in the SAMS data system. The SAMS Agency Summary Report must be attached to the Monthly Data & Payment Report and submitted no later than thirty days after the end of the monthly service period.

Contract entities may be required to develop and submit additional reports upon request.

The Older Americans Act Budget is developed each Federal Fiscal Year based on availability of Federal and State funds. Funding levels for State Funds to match Older Americans Act programs are set on a biennial basis by the North Dakota State Legislature. Funds are distributed using an allocation plan developed by Aging Services Division.

Aging Services Division retains the authority for final decision-making regarding the distribution of any additional funds as well as reductions due to a shortfall in funds.

## **Nutrition Services Incentive Program (NSIP) 650-25-80-05**

**(Revised 1/1/06 ML#2995)**

[View Archives](#)

The Nutrition Services Incentive Program (NSIP) is funded through an appropriation to the United States Department of Agriculture. Funding levels are based on the total number of eligible meals served during the preceding federal fiscal year and the amount of funds authorized by Congress.

NSIP funds for each nutrition contract entity will be determined by the contract entity's share (percentage) of the total eligible meals served in the preceding federal fiscal year and the amount of funds allocated to the State of North Dakota. Funds will be disbursed upon receipt from the federal government.

Contract entities will request payment by reporting the number of eligible meals served on the Monthly Data & Payment Form.

North Dakota will continue to request cash-in-lieu of commodities. NSIP funds must be used to purchase food grown in the United States of America for meals provided during the federal fiscal year for which the funds were authorized.

## **Cost Sharing 650-25-80-10**

**(Revised 1/1/06 ML#2995)**

[View Archives](#)

The 2000 amendments to the Older Americans Act allow states to implement cost sharing by clients for certain services funded under the Act. Cost sharing is prohibited for the following services: Information and Assistance, Outreach, Benefits Counseling, Case Management, Ombudsman, Elder Abuse Prevention, Legal Assistance, other Consumer Protection Services, Congregate Meals, Home-Delivered Meals, and any services delivered through a Tribal Organization. In addition, a state may not permit cost sharing by a low-income individual if the income is at or below the federal poverty line. The state may also exclude low-income individuals whose incomes are above the federal poverty line.

Cost sharing is not permitted for the majority of services currently funded with Older Americans Act funds. Since development and implementation of a system to address cost sharing would result in an unreasonable administrative and fiscal burden for both Aging Services Division and the contract entities, services are provided through tribal organizations, and a significant portion of clients receiving OAA services are low-income, cost sharing will not be implemented.

Program income is that income which is received as service contributions from eligible clients.

All collected contributions must be used to expand the service for which the contributions were given and supplement (not supplant) funds received under the Older Americans Act.

Program income is used within each service period towards meeting the expenses of the service provided, therefore allowing for the provision of additional service units. Program income cannot be used to meet non-federal cash match requirements.

## **Required Match 650-25-80-20**

**(Revised 1/1/14 ML #3396)**

[View Archives](#)

The required non-federal cash match amount is identified in the Contract.

To meet the Administration on Aging's match requirement as well as the match requirement in the Contract, contract entities must use the following to calculate the match requirement for each service period: service period expenditure amount divided by .85 (85%); multiply that amount by .15 (15%) = required match.

Match is only required up to the amount that is identified in the Contract. Supporting documentation identifying the source of the required match must be submitted on a monthly basis in the form and manner prescribed by the Department. Additional funds may be required to meet the actual cost of the provided service.

Funds received to provide Older Americans Act Family Caregiver Support Services must be matched with 25% non-federal cash match (federal award divided by 75% multiplied by 25%).

**(Revised 1/1/16 ML#3463)**

Additional local funds may be needed to meet the cost of providing services throughout the contract term.

Additional local funds should include only costs that are directly related to providing a specific service after federal, state, required match, program income, and for nutrition contract entities, Nutrition Services Incentive Program (NSIP) funds that have been expended. Costs not related to the provision of the service results in an inflated unit cost.

Compensation for an identified unit of service is based on a contracted unit rate. The contract outlines the service to be provided, the award per service, and the contracted unit rate, as applicable.

Compensation for other services is based on approved line items as outlined in the specific contract.

Availability of an advance payment prior to performance for a contracted service will be addressed in the Request for Proposal or through separate correspondence.

The Nutrition Services legal entity will receive NSIP compensation as outlined in Section 650-25-80-05, Nutrition Services Incentive Program.

The State will make payment within 30 days after the receipt of the request for reimbursement and required reporting, except that no payment will be made until the reimbursement and required reporting have been approved by the State.

Non-payment or recapture of payment may result if the legal entity fails to meet terms identified in the Contract.

**Row E3 – Balance After Expenditure:** Represents the balance of required match that has not been met for the contract term. The amount is automatically calculated and will auto-fill into the SAMS report form and the PDF fillable on-line form (Row E1-Required Match Balance minus Row E2-Required Match Expended).

**Row F1 - Program Income Received:** Record the amount of program income received for each service for the service period.

**Row F2 - Program Income Expended:** Record the amount of program income expended for each service for the service period. Program income can only be expended for the service from which it was generated except for congregate and home-delivered meals where it can be applied to either service.

**Row G - Contracted Unit Rate:** Record the contracted unit rate per unit of service as identified in the contract.

**Row H - Contract Balance:** Represents the available balance for the contracted service. This amount will decrease as payments are made. The calculated amount from Row J - Balance After Payment must be recorded by the contract entity in Row H Contract Balance for each subsequent payment request until the contract funds are depleted.

**Row I - Service Period Expenditure:** Represents the amount of payment requested by the contract entity. The Service Period Expenditure must be calculated by the contract entity by multiplying Row D-Number of Eligible Units Provided by Row G-Contracted Unit Rate.

**Row J - Balance After Payment:** Represents the amount of contract funds that have not been expended. This amount is automatically calculated and will auto-fill into the SAMS report form and the PDF fillable on-line form (Row H-Contract Balance minus Row I-Service Period Expenditure equals Row J-Balance After Payment).

## **Senior Centers 650-25-90**

**(Revised 1/1/06 ML#2995)**

[View Archives](#)

Senior clubs and centers will be notified through the Department's procurement of services process of the availability of funding for senior center acquisition, renovation, or construction.

If, within ten years after acquisition, or within twenty years after the completion of construction, the owner of the facility ceases to be a public or non-profit agency or organization; or the facility ceases to be used for the purposes for which it was acquired (unless the Assistant Secretary determines, in accordance with regulations, that there is good cause for releasing the applicant or owner from the obligation to do so), recapture of payment shall occur as outlined in the Older Americans Act, Section 312.

A senior club that is considering disbanding should contact their respective Regional Aging Services Program Administrator to determine if the club received Older American's Act funds for acquisition or construction of the center as the club may be required to repay a portion of those funds. Equipment acquired with Older American's Act funds may be subject to re-distribution or recapture of payment.
